- VISION, MISSION and VALUES of the organization:

Vision:

Mission:

- Have you filed a BRSR report for the organization? Attach a copy of your latest reports. In case you are not following the BRSR then specify the reporting system you are following (Attach a copy).
- Indicate if the applicant is certified to ISO 9001 / ISO 14001 / ISO 27001 / OHSAS 18001 / ISO 45001 / SA 8000 / others. Attach a copy of the certificate(s).

Net Zero Award Application Questions

1. Net Zero Commitment & Targets

- Has your organization made a formal Net Zero commitment? If yes, please specify the **target year**, the **scope of emissions covered (Scopes 1, 2, and 3 as per GHG Protocol)**, and whether it is **aligned with the SBTi Net Zero Standard**.

2. Baseline & Emissions Inventory

- What is your **baseline year** for emissions measurement, and what methodology/framework (e.g., GHG Protocol, ISO 14064) do you follow to calculate your **Scope 1, 2, and 3 emissions**?
- What has been your gains from the baseline year till date?

3. Governance & Accountability

- How is **accountability for Net Zero targets embedded** in your governance structure (e.g., board oversight, C-suite responsibility, internal policies, employee incentives)?

4. Decarbonization Strategy

- What specific strategies, technologies, or operational changes has your organization implemented (or plans to implement) to **reduce absolute emissions across all scopes**? Please highlight **short-, medium-, and long-term actions**.

5. Renewable Energy & Energy Efficiency

- What percentage of your energy consumption currently comes from **renewable sources**, and what steps are being taken to transition to **100% renewable energy** in line with Net Zero pathways?

6. Value Chain & Scope 3 Engagement

- How does your organization engage with suppliers, customers, and other stakeholders to **reduce value chain (Scope 3) emissions**? Do you have **supplier requirements, partnerships, or incentives** in place?

7. Offsets & Removals

- What role do **carbon offsets and carbon removals** play in your Net Zero strategy? Please specify the proportion of reliance, the **quality criteria** (e.g., Gold Standard, Verra, Article 6 compliance), and whether offsets are used only for **residual emissions** as per SBTi guidance.

8. Transparency & Reporting

- Which **international reporting frameworks** does your organization disclose through (e.g., CDP, TCFD, GRI, ISSB/IFRS S2)? Please share the most recent publicly available **Net Zero progress report or sustainability report**.

9. Innovation & Technology Integration

- Has your organization invested in **climate innovation, R&D, or emerging technologies** (e.g., green hydrogen, carbon capture, AI for emissions monitoring) to accelerate progress towards Net Zero?

10. Impact Measurement & Just Transition

- How does your Net Zero strategy integrate with **broader sustainability goals** such as biodiversity, water stewardship, circular economy, and **social equity/just transition**? Please provide examples of measurable co-benefits.
